

Q.13) Generate first 10 Fibonacci numbers

```
def Fibonacci(n):  
    Fib_series = []  
    a, b = 0, 1  
    for _ in range(n):  
        Fib_series.append(a)  
        a, b = b, a + b  
    return Fib_series
```

```
n = 10  
Fib_nums = Fibonacci(n)
```

```
print("The first 10 Fibonacci numbers are:")  
print(Fib_nums)
```
